**Index.html**

```
<!DOCTYPE html>
<html lang="en">

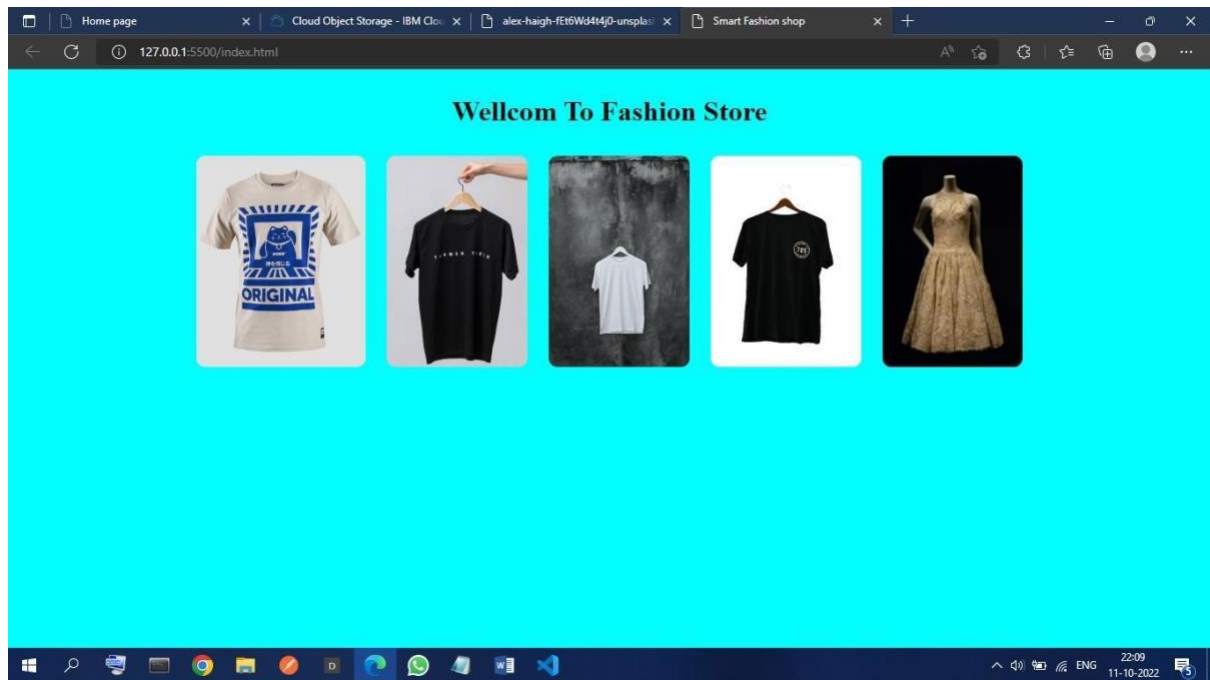

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>Smart Fashion shop </title>
  <style>
body {
    background-color: aqua;
display: flex;          align-items:
center;                justify-content:
center;                flex-direction:
column;
```

```
    }
    img {
height: 240px;
border-radius: 10px;
margin: 10px;

    }
  </style>
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    
    
  </div>

</body>
</html>
```

3. Upload a css page to the object storage and use the same page in your HTML code.

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta http-equiv="X-UA-Compatible" content="IE=edge">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
<title>Smart Fashion shop </title>
  <link rel="stylesheet" href="https://imagebucket-vk.s3.ap.cloud-
objectstorage.appdomain.cloud/style.css">
</head>

<body>
  <h1>Wellcom To Fashion Store</h1>
  <div>
    
    
    
    
```

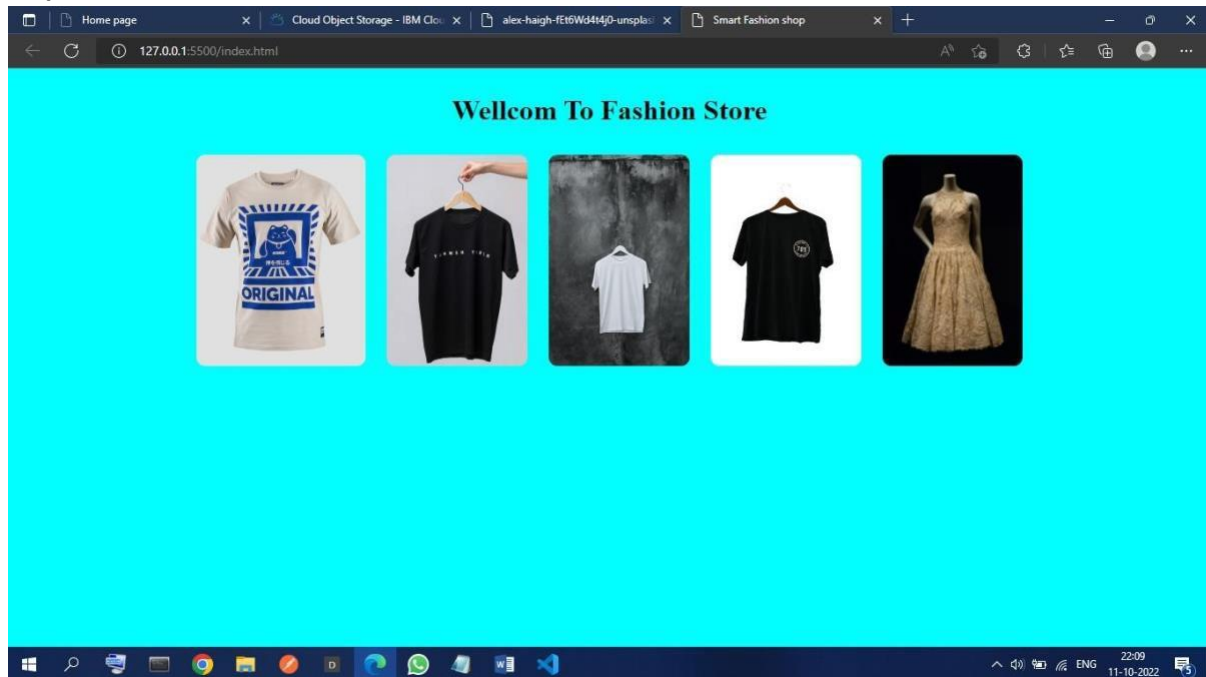

```

</div>

</body>
</html>

```

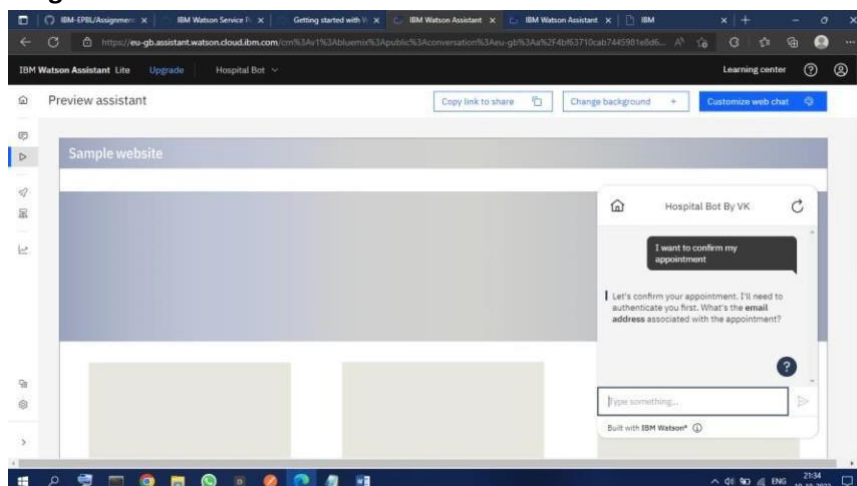

Output:-

4. Design a chatbot using IBM Watson assistant for hospital. Ex: User comes with query to know the branches for that hospital in your city. Submit the web URL of that chat bot as a assignment.

Url :- [chatbot link](#) <- click

Image-

## 5 .Create Watson assistant service with 10 steps and use 3 conditions in it. Load that script in HTML page

The screenshot displays the IBM Watson Assistant Lite interface for a shopping bot named "Dress". The interface is divided into several sections:

- Customer starts with:** A section where the user can enter phrases that a customer might use to start the conversation. It includes a text input field and a "Dress" button.
- Conversation steps:** A list of steps in the conversation flow. Step 1 is "Are You Looking Dress for ???". Step 2 is "Welcome Mam You look gorgeous today !! What are you looking for ??". Step 3 is "Welcome Sir, you Look Smart Today. what type of dress you need??".
- Step 5 is taken:** A section showing the conditions for step 5. It includes a "Conditions" section with a "1 condition" group. The condition is "If All of this is true: 2. Welcome M... is Churidar".
- Assistant says:** A section showing the response of the assistant. It includes a text input field and a "Preview" button.

The interface also includes a "New step" button and a "Preview" button. The browser address bar shows the URL: <https://eu-gb.assistant.watson.cloud.ibm.com/cm%3A%2F4bf63710cab7445981e8d6...>
